I don't think I've ever met a TA more helpful and enthusiastic than Anna Ziff! She went to every recitation fully prepared and took the time to make sure we all left fully understanding all the concepts. It was very clear that she truly loved this subject. Thank you so much for everything!

Very helpful, sending us emails after the discussion section to follow up on items. Lots of good practice for us. Always really open to answering questions.

Maybe try discussing harder problems in discussion, like those that might appear on tests? We seemed to only discuss questions at the basic level, but it'd be great to try harder ones

Considerable, especially at the beginning of the semester her explanations were constituting half of my learning in the course.

Later in the semester when the material increased each week, as a proportion she was able to cover less, but still she was able to convey some major insights into the material and made it clearer.

Anna is always very prepared for section meetings and she is able to help students make sense of complicated topics. If someone is confused, she takes the time to help them understand before moving on. If something is not clarified during class, she sends a follow up email to the whole section.

Anna is one of the best TAs I have worked with so far at Duke. She was incredibly patient, explained concepts very clearly, and went above and beyond to help us learn the material. Before one of the midterms, she stayed on Zoom for multiple hours to make sure everyone's questions were answered. She created a welcoming environment in her discussion section so that people still felt comfortable asking and answering questions about new topics. She is truly amazing!

Anna Ziff has been the best TA I've ever had. She was proactive, diligent, responsible, and conducted amazing discussion sections as well as office hours. Anna contributed to creating a better class environment given the remote learning limitations and went above and beyond for us. Not only did she truly know the material, she was also supportive and encouraged us to do our best.

It's hard to find ways to improve since I think Anna did the best job as a TA that I have ever seen. I loved she always came prepared with practice problem examples in the discussion sections so I'd say keeping up with that is good. She always responded to emails promptly and was super nice and a kind person. She knew the slides and the material really well and just going through problems in her discussions was awesome.
